Full stack web developer with a background rooted in music composition, production and E-Commerce

Experience

General Assembly   March 2018 - Present
Web Development Immersive, Engineering Fellow   New York, NY

- Created 4 projects during a 12-week intensive course learning JavaScript, building full stack web applications using React, Node, Express and PostgreSQL with deployment to Heroku
- Collaborated with other developers to create a full-CRUD web application that utilized data from Google's Places API
- Collaborated with UX students on a three-hour "hackathon" project. Planned, prepared and delivered an investment pitch for a web app that provided a platform for General Assembly alumni to stay connected with each other and directly collaborate with one another on projects
- Conceived, planned and executed four projects with self-determined daily schedules to meet hard deadlines, three of which were web apps requiring full-stack development

Layla Girl Ltd., LaylasPetStore.com   June 2012 – March 2018
E-Commerce Specialist   Staten Island, NY

- Created product listings for eBay, Amazon, Walmart and company websites
- Uploaded and maintained product listings using Magento, HTML, and CSV files
- Monitored product feed to ensure successful transmissions troubleshooting any resulting feed issues specific to each E-Commerce marketplace
- Reviewed and resolved any issues and inconsistencies involving cataloging and product descriptions including copy editing for product descriptions

Studio Steam Productions   January 2011 – May 2018
Composer, Producer, Recording Engineer   Staten Island, NY

- Produced, Recorded, Mixed, and Mastered
  Yeti "Shadowhead" (2014), Yeti "Pill" (2015)
- Composer, Performer and Mastering Engineer
  Giga Herbs "Mad Weird" (2014), Giga Herbs "Mad Deep" (2016), Giga Herbs "Mad Love" (2018)

Ming Yuan Chinese School   September 2009 – June 2013
After School Instructor   Brooklyn, NY

- Managed groups of 20 fifth grade students to complete daily homework assignments and larger projects, providing assistance as needed and feedback on completed work
- Promoted confidence on a personal level for each student to solve problems accurately and efficiently with increasing independence
